We also included for execution Designations of Domestic Representative and Statements Under 37 CFR 3.73(b) to be filed with the Assignments. Finally, as we must remind you, under the rules of practice before the U.S. Patent and Trademark Office, all individuals involved in the preparation or prosecution of a patent application, have a duty to disclose to the Patent Office information they are aware of which is material to the examination of the application. Information is considered "material" where there is a substantial likelihood that a reasonable examiner would consider it important in assessing the
